EXPERIENCE

Web/Graphic Designer
THOMASNET, New York, NY
April 2011 – August 2017

Designed and developed web-site mock-ups, marketing materials and logos for clients to ensure quality control and client satisfaction before project development phase. Executed and monitored standards for user interfaces, page design and graphics development. Designed application framework that served as the cornerstone for a successful web applications strategy. Interacted with graphic designers, back-end developers, project managers and customers as needed to execute first-class work.

Web Designer/Developer
Solomon Page Group, New York, NY
July 2008 – April 2011

Designed and developed layouts, websites, landing pages, graphics and Internet marketing materials as well as style sheets and templates for various companies.

Freelance Web/Graphic Designer
Miller Advertising, New York, NY
May 2008 – July 2008

Created website banners for various companies. Designed classified ads for various newspapers such as the Daily News and the New York Post.

Web Designer/Developer
Spire Vision, New York, NY
March 2007 – February 2008

Designed and developed internet marketing materials such as landing pages, emails, and website banners for various companies.
